

BA-SERIES ADJUSTABLE HEIGHT WORKBENCH

BA-307GS-1.P
Galvanized worksurface/mobile

Description

Our B-Series benches are suitable for use in a variety of applications including assembly, maintenance, production, and instructional training. All work benches are built to withstand heavy use and provide years of service. Standard duty leg assemblies are constructed of 14-gauge formed steel channel. All legs feature all welded construction. Heavy duty 11-gauge steel leg assemblies are available upon request. Floor anchor pads will accept optional leveler feet. Benches are available with fixed height or adjustable height legs. Work surfaces are available in many different options.
